Welcome to The Westin Resort Nusa Dua, Bali

In this newsletter edition, we present a great selection of family-friendly dining options, wellness rituals, and fun recreational activities for everyone to enjoy.

New Year 2020 is now under way and so begins another cycle of cultural events and memorable celebrations. Valentine's Day on 14th February will be a time for romantic gestures to show that someone special in your life. Whether it's a romantic dinner by the beach or an indulging spa treatment for two, we have all your needs covered.

The month of March will bring renewal with Nyepi Day, a traditional custom that is totally unique to Bali. Known as the Day of Silence, this local religious holiday will see all activity on the island come to a complete standstill for the duration of 24 hours.

Once again, Earth Hour will be observed around the globe on 28th March. This international lights-off movement was initially launched to promote environmental awareness and protect our planet. We will be participating by going dark in certain areas of the resort as part of a wider effort to conserve energy and be more sustainable.

Be well,

Oriol Montal

2. Place buckwheat and plain flour on the countertop, make a hole in the center and add room temperature butter and brown sugar. Mix by hand, place on a tray with baking paper and bake in the oven for 20 min at 170°C, taking the dough out every 5min to break it up to cook evenly. Once baked, break by hand and let rest at room temperature. Take a pan, add some butter, caster sugar and bread crumbs and sauté to a toasted color. Finally, mix both together to get a buckwheat and bread crumble.

4. Take a pan and heat it; once hot add pine nuts and toast until they change color. Take another pan and add milk, whipping cream and sugar; heat until it starts to boil then add the toasted pine nuts and milk powder to the mix, wrap it and leave to rest for 3 hours at room temperature. When the mix reaches room temperature, put in a bowl, whisk it and place in the freezer. Every 10-15min remove from the freezer, whisk it a little. Repeat until it has a good texture and at that point it will be ready.

Chef Davide Allievi

The Westin Resort Nusa Dua, Bali takes great pleasure to welcome Chef Davide Allievi to its culinary team. He has arrived on the island direct from a stint as Chef de Cuisine for the Michelin Plate winning Limoni Italian Restaurant at The Ritz Carlton Guangzhou, China.

Born and educated in Italy, Chef Davide has a Culinary Arts Diploma from the Istituto Paritario Professionale "Michele Pinto". Upon completing his studies, he embarked on a culinary career and fine-tuned his skills with a succession of jobs in Milan, Italy and London, UK.

Armed with a wealth of expertise as a Sous Chef and Pastry, Chef Davide later relocated to Beijing, China to take charge of a gourmet restaurant and bakery. He remained in the Chinese capital for as Executive Chef of a unique concept restaurant called Mojo, which quickly gained national media attention. This exposure gave Chef Davide the opportunity to return to his Italian roots at Grand Hyatt Chengyang as Chef de Cuisine for Il Forno Restaurant.

As a young and contemporary Italian Chef, Davide is expected to bring passion, energy and innovation to his new role at Prego. He is looking forward to revitalizing the menu and taking the restaurant's signature Brunch Infinito to the next level with more delicious dishes and live cooking options.

Green Steps

At The Westin Resort Nusa Dua, Bali, we realized the harmful impact that single-use plastics were having on the environment and made the decision to reduce our consumption. We had previously provided our guests with plastic straws, plastic/polystyrene takeaway containers and cutlery, and plastic-bottled water.

A major event bringing in thousands of attendees from all over the world in October 2018 served as a great motivation to showcase our efforts. We eliminated plastic straws from our operations prior to that event and moved to more eco-friendly takeaway containers and cutlery during the event.

On 23rd May 2019, we then moved from supplying water in plastic bottles in all our guestrooms to glass bottles; and all meetings and events at our Bali International Convention Centre. This contributes to a reduction of roughly 2,000 plastic bottles that may end up in the ocean or a landfill per day. We have partnered with organizations to ensure we are “doing good” in all directions. An example would be our food rescue program with Scholars of Sustenance, where excess food from buffets is donated to needy communities in Bali.

We also offer teambuilding activities to our event planners that will benefit their organization and our community. We are also embarking on a more sustainable and environmentally-friendly path one step at a time.

Unlocking The Unspoken Talents of Students with Disabilities

During our many years of operation, The Westin Resort Nusa Dua, Bali have carried out various social activities as part of an ongoing effort to help communities in need around the island. All of these initiatives are intrinsically tied to one of Marriott International’s core values, “Serve Our World”.

Some of our programs include providing life skill sessions and on-the-job training opportunities for students with disabilities in partnership with a local school for the disabled (Sekolah Luar Biasa No 1 Badung). This special needs campus is currently responsible for the education of 387 students who have a range of different disabilities such as auditory loss (deafness), down syndrome and autism.

A total of 60 students reside in the school’s dormitory, which is located onsite. We are contributing by providing students with on-the-job training opportunities with an intense six-month program in the areas of Housekeeping, Stewarding, Culinary and Engineering. This partnership has been running continuously since 2005 (14 years) and to date, 121 students have completed their traineeship with us. Now, we are enhancing our partnership and contribution to the school by promoting the students’ handicraft products.

If you would like to join us, you can purchase some of their gift items at our Resort Boutique in The Arcade. The school will use all of the proceeds to further support the students’ learning needs.

Sharing is Caring

At The Westin Resort Nusa Dua, Bali, we proudly support Scholars of Sustenance (SOS), a food rescue foundation that collects and redistributes edible goods to help those in need. A significant amount of our excess food items (particularly what is left over from breakfast) is picked up on a daily basis, carefully sorted and then donated to local orphanages. This worthy project provides underprivileged children with a nutritious meal at the end of the school day.

For Safety & Security

For safety and security reasons, please be advised that all online food and parcel deliveries can only be received at our main entrance gate between the guest and the drivers without the involvement of hotel associates. Hotel does not have any control on the delivery items or any risk related with the delivery. Drivers are not permitted access into the resort or lobby area, so there may be a delay with online service deliveries. Should you need any further information, please feel free to reach out to our Duty Manager.
